

TRANSFIGURATION OF OUR LORD PARISH

Altar Server Training Recap

Thanks to all who were able to attend the three altar server training in Oct-Nov.

The first session was just an informative one. Here is the video from that training.

The second session covered the Low Mass from beginning through the Gospel. Unfortunately, there was no video for that session.

The third session covered Low Mass from the Offertory to the end of the Mass. Here is the video.

There will be no more group training in November and December due to the holidays and travel schedules. In January, we will begin Sung Mass training broken up by position. After all of that training is complete, we will have High Mass training.

Please make sure and send me your preferences for Midnight Mass or Christmas morning Mass.

Mr. Ferrelli
